

Discover Recycling Fair 2007
September 20, 21, 22

Center Stage Program

Performers and schedules are subject to change. Please check back September 1 for confirmation.

Performers

Henry Kaponu joins Mayor Mufi Hannemann to welcome the schools attending on Thursday and Friday morning.

Three local performing groups created original recycling education shows for our kids, drawing on recycling songs by the Lava Jam Band and Jack Johnson and writing some new pieces (*soon to be favorites*) to help drive the message home - "Put Opala in its Place," "Reduce, Reuse, Recycle," "It's Piling Up," "Start with a Can," "Litter Bug," "Jump Up Think About It," "Good Garbage," "*(Mother Earth has got the)* Indigestion Blues," "Cash Your Bottles In." You can listen and download the music from our [Media Library](#).

TALKIN' TRASH Performed by The Sustainables -- James McCarthy (guitar, storytelling, vocal), Lesley Kline (violin), and Jay Kalk (bass, percussion). Thursday/Friday at 11:30; Saturday at 2:00

CONVERGENCE DANCE THEATRE 3R'S with Jamie Nakama, Jennifer Shannon, and Raina Racki. Thursday/Friday at 10:45; Saturday at 1:00

IT STARTS WITH A CAN Performed by Adela Chu, Jonathan Syper, Kealoha and Willow Chang. Friday at 1:30; Saturday at 12:15

Recycled Fashions

Trash2Fashion Show

The most outrageous wearable art fashions strut down the runway in the Trash2Art Fashion Show coordinated by Elisha Bohnert. Thursday/Friday at 10:00; Saturday at 11:30

Savers Halloween Costume Fashion Show

Create your Halloween costume this year at Savers in Kalihi and Waipahu. Savers sells used clothing collected by the "Tri-Give" organizations – Kidney Clothes, United Cerebral Palsy and Big Brothers Big Sisters. Saturday at 10:15

"Eco Wear" T-Shirt Remake Fashion Show

Students from Sunset Beach and Voyager schools model the new looks they created from old T-shirts in workshops coordinated by The Green House. Watch the big screen video clips or check it out in The Green House booth (36).

Workshops-Presentations

Green Gardening

Learn more about gardening with compost, mulch, compost teas, vermicast, biosolids fertilizer. Saturday at 9:30

Designing Recycling: Commercial-Residential Properties

Learn how to design and set up recycling programs for condominiums, office buildings, hotels, restaurants. Get detailed information about equipment, employee and tenant education materials, and who to call for collection service. Learn more about Hawaii's Green Business program – green building, green products, green practices that benefit the environment and your bottom-line. Thursday at 1:30

Recycling Education: Resources for Teachers

Learn more about funds and educational resources available to teachers, including the Recycling Teaching Partner program, recycling project ideas and assistance, customized Tour de Trash field trips, books, websites and videos. Henry Kaponu joins the group to discuss how Hawaiian values can transcend into the 21st century through music and impact the way we care for the aina. Saturday at 10:30

Recycling Fundraisers

Learn how to raise funds for your school or organization with recycling – HI-5, cell phones, ink cartridges. Meet the companies ready to help you get started. Find out how to get multi-material and HI-5 recycling bins and equipment for your campus or event. Saturday at 2:30

Recycled Art

The Recycled Art Center moves center stage with demonstration and project kits for creative scrapbooking, recycled paper bead jewelry, kitchen table kid projects, recycled calendar envelopes, recycled mask projects, pocket purses made from old blue jeans, recycled tin can garden lanterns, nature crafts and more. Saturday at 3:00
